
**STRATA COUNCIL MEETING MINUTES
STRATA PLAN BCS1515 – COOPERS LANDING
935 EWEN AVENUE, COQUITLAM B.C.**

Held Thursday, January 29th, 2026
By Video Conference (ZOOM)

PRESENT: Tim Landsiedel – President/Secretary/Fire Warden
Andrew Morgan – Vice President/Privacy Officer

REGRETS: Elad Doutsch – Treasurer
Michelle Wickens – Member at Large

STRATA AGENT: Amra Brajlovic, Senior Strata Manager
Ascent Real Estate Management Corporation

CALL TO ORDER

The meeting was called to order at 7:11 p.m.

APPROVAL OF PREVIOUS MEETING MINUTES

It was agreed to approve the minutes from the meeting held on November 25th, 2025, as distributed.

CARRIED (All in favour)

FINANCE

1. **Financials Statements:** It was agreed to approve the financial statements for the months ending October 31st, 2025, and November 30th, 2025, as distributed.
CARRIED (All in favour)
2. **Accounts Receivable:** The Strata Manager will continue to follow up on receivables in accordance with the policy outlined below.

POLICY FOR COLLECTION OF OUTSTANDING STRATA ACCOUNTS

- Step 1:** All outstanding accounts will receive a Statement of Account. This will show your account balance and a reminder to please remit your payment in full.
- Step 2:** Once an Owner is 60+ days in arrears, a lien warning letter will be sent advising the owner that if the account is not paid in full within 21 days that a lien will be placed against the strata lot. A title search charge of \$105.00 is added to the account of the owner receiving the lien warning. A copy of the lien warning letter is also sent to the mortgage company, as it is a default on the mortgage.

Step 3: If there is no response to the lien warning letter within 21 days, a lien will be placed on the affected strata lot. Owners are advised that if a lien is placed against your unit, an extra charge will be applied to your unit to cover the cost associated with the lien. The mortgage holder is also advised of the lien warning letter and pending lien as it is a default of the mortgage terms.

Step 4: If the account continues to accumulate after the lien has been applied to the strata lot, the next step in collection is a demand letter from a lawyer advising the owner that if payment in full is not received within 30 days that the Strata Corporation will proceed to the Supreme Court of British Columbia seeking a forced sale to satisfy the debt.

Any costs associated with collections will not be waived once incurred.

LITIGATION

There is currently no litigation involving the Strata Corporation.

BUSINESS ARISING

1. **Back Patio Concrete Slab:** Council discussed the back patio concrete slab concerns and reviewed historical information and prior engineering documentation. Council does not support proceeding with a costly intrusive assessment at this time. The Strata Manager will arrange for an initial visual review by Urban Skyline, with a focus on reading and comparing existing crack gauge/sensor data where available and will report findings and recommendations back to Council.

CARRIED (All in favour)

2. **Pest Control:** Council reviewed pest control updates and entry point findings identified by an alternate provider. Council expressed concerns regarding the current provider's service quality and requested competitive quotes to replace Atlas Pest Control. Urban Skyline will be asked to quote on sealing exterior entry points, beginning with affected units (including the block reporting activity from SL(s) 76, 77, 78, 79, 80, 81 and 43).

3. **Premier Landscaping:** The tree removal permit application has been submitted and remains pending with the City. Based on Premier Landscaping's professional recommendation, bush replanting between units will not be undertaken at this time, as previously planted vegetation in these areas has not survived.

4. **Roof Preventative Maintenance / Leak Investigations:** Council reviewed the preventative maintenance proposal from Robinson Roofing and expressed a preference for Robinson Roofing based on pricing and ongoing responsiveness. The Strata Manager was requested to seek best pricing, including any applicable loyalty discount, and to proceed with scheduling the work.

CARRIED (All in favour)

Funding is anticipated to be drawn from the Contingency Reserve Fund (CRF), with the Strata Manager to confirm whether a portion may be funded from operating once the December financial statements are available.

Recent leak investigations for SL(s) 54, 145, and 20 were reviewed for completion purposes. Any items identified as owner responsibility, including interior venting or fan modifications within strata lots, are the responsibility of the respective owners.

CORRESPONDENCE

1. **Letters Issued:** Letters were issued regarding exterior storage on limited common property. Council will conduct an on-site review prior to any fines being issued.
2. **Parking Audit:** The Strata Manager confirmed that the parking audit process has improved vehicle verification and resulted in a reduction in recent complaint volume. At the time of the meeting, eight units had not yet responded to the audit.

NEW BUSINESS

1. **Office Chair By SL 4:** Strata Council Vice President, Andrew Morgan, volunteered to verify whether the item remains onsite and, if present, arrange for removal.
2. **Roof Damage By SL 64:** Roof damage resulting from tree trimming has been addressed, and no further action is required at this time.
3. **Visitor Parking Exemption Request:** Council confirmed that the request for extended parking in visitor stalls cannot be approved, as visitor parking exemptions are not permitted under the strata bylaws. **CARRIED** (All in favour)
4. **Visitor Parking Stall Line Painting:** Council agreed to revisit this project in the spring or summer. Strata Council Vice President, Andrew Morgan, volunteered to prepare a scope of work for Council review, following which the Strata Manager will obtain quotes, including from Urban Skyline and Weatherhead, as applicable.
5. **SL 106 Insurance Claim:** Council reviewed the submitted documentation related to a toilet overflow originating within the unit. Council directed the Strata Manager to advise the owner/adjuster that this is an owner-responsibility matter and that Strata will not support a claim under the Strata policy. **CARRIED** (All in favour)
6. **Fireplace Cleaning:** Council confirmed that fireplace cleaning will not be coordinated by Council, and owners may arrange service with a contractor of their choice at their own discretion and expense.
7. **New Project Recommendations:** Council reviewed Weatherhead Contracting recommendations regarding common area staircase replacements and exterior window seal inspections and determined that, at this time, no comprehensive project is required. These items will be monitored and addressed on an as-needed basis should issues arise.

STRATA MANAGER REPORT

In Progress
